

2019–20 VAHS ACT Prep Course Registration Form

Students from any school district at any grade level may participate

The Verona Area High School ACT Prep Program offers students an ACT Prep Course to assist students in preparing for the ACT Exam. The Prep Course focuses on the four subject areas covered by the ACT Test: English, Math, Reading, & Science. The course also addresses the optional essay portion of the exam that many students choose to take. Each day of the 4-day course is devoted to one of the four subject areas (with Reading and Essay covered on the same night). During each class students will be given subject-specific test taking tips, review commonly covered content, and work through a variety of practice problems in an effort to prepare students to take the ACT Exam. *Students will receive a book to use in class and outside of class that will offer extensive exam prep resources (Included in the cost of the course).*
